PURPOSE OF THE POLICY

Like any insurance and assistance policy, it includes rights and obligations for you and us. It is governed by the French Insurance Code. These rights and obligations are set out below:

DEFINITIONS

THE FOLLOWING DEFINITIONS ARE APPLICABLE TO ALL COVER, EXCEPT FOR DEFINITIONS SPECIFIC TO EACH OF THEM.

For the application of this policy, the following definitions will apply:

ATTACK/ACTS OF TERRORISM

Attack means any act of violence which constitutes a criminal or illegal attack against persons and/or property in the country in which you are staying, and whose purpose is to create a major public disturbance. This "attack" must be qualified as such by the French Ministry of Europe and Foreign Affairs.

ATTEMPTED THEFT (OF A VEHICLE)

Attempted Theft means any burglary or acts of vandalism (including theft of parts) placing the Personal Vehicle Out of Service at the location of the incident and necessarily requiring on-site intervention or towing to a garage in order to carry out the necessary repairs. BALANCE DUE

Breakdowns due to battery-charge issues are excluded from this definition.

HOW IS CALCULATED YOUR COMPENSATION?

If the compensation cannot be determined by mutual agreement, it is assessed by means of an amicable expert evaluation, subject to our respective rights.

Each of us chooses an expert. If these experts do not agree with each other, they call on a third expert and all three work together by a majority of votes.

If one of us fails to appoint an expert or the two experts fail to agree on the choice of a third, the appointment is made by the presiding judge of the court ruling in summary proceedings. Each of the co-contracting parties bears the costs and fees of its expert, and, where applicable, half those of the third party.

SANCTIONS

Any non-disclosure or intentional misrepresentation, omission, or inaccuracy with regard to the circumstances of the risk known to the insured, is sanctioned in accordance with the provisions of Articles L. 113-8 and L. 113-9 of the French Insurance Code, namely:

- Article L. 113-8: even if it has had no influence on the Claim, by the invalidity of the policy in the event of non-disclosure or intentional misrepresentation on the part of the insured, when such misrepresentation alters the nature of the risk or mitigates its appearance for the insurer;
- Article L. 113-9: depending on whether it is established before or after the Claim, when the Member's or the Insured's bad faith is not established, by the following consequences:

- prior to the Claim, by an increase in contributions or termination of the policy;
- following the Claim, by reducing the Claim compensation in proportion to the rate of contributions paid relative to the rate of contributions that would have been due had the risks been accurately and fully reported.

OTHER INSURANCE

In accordance with Article L. 121-4 of the Code, if all or part of the risks covered by this policy are or come to be covered by another insurance policy, the insured must immediately report this to the company, indicating the name of that insurer and the amounts insured. When several insurance policies for the same risk are taken out in an act of wilful misconduct or fraud, the penalties provided for in the first paragraph of Article L. 121-3 of the Code (nullity of the Policy and damages) will apply. When they are taken out in good faith, each of them shall produce its effects within the limits of the Policy's cover and in compliance with the provisions of Article L. 121-1 of the Code, with the exception of the civil liability cover of this Policy, which is only exercised if the Insured does not benefit from civil liability cover through another insurance policy in force on the day the Harmful Event occurs and likely to cover the financial consequences thereof.

Within these limits, the beneficiary of the Policy may obtain compensation for damages by contacting the insurer of its choice.

In the event that the Subrogation can no longer be carried out by the Insured in favour of the Insurer, the Insurer will then be released from its obligations with regard to the Insured to the extent that the Subrogation could have been exercised.

LIMITATION PERIOD FOR LEGAL ACTION ARISING FROM THE INSURANCE POLICY

The limitation period is the period beyond which complaints are no longer admissible.

Any legal action arising from this Policy shall be barred two (2) years from the event giving rise thereto.

Article L. 114-1 of the French Insurance Code

"All legal actions arising from an insurance contract shall be barred two years as from the event that gave rise thereto.

However, said time limit shall run:

1° in the event of non-disclosure, omission, fraudulent representation or misrepresentation of the risk incurred, only as from the date on which the insurer is aware thereof;

2° in the event of loss, only as from the date the concerned parties are aware thereof, if they prove that they were unaware of such facts up till then.

When the insured's action against the insurer arises from a third party's recourse, the limitation period shall run only from the date on which said third party brings a legal action against the insured or the latter has paid it compensation.

The limitation period shall be increased to ten years for life insurance contracts when the beneficiary is not the policyholder and in insurance contracts covering personal injury when the beneficiaries are the deceased insured's assigns.

Notwithstanding the provisions of point 2 above, the legal actions of the beneficiary shall be barred no later than thirty years from the death of the insured for life insurance contracts".

The limitation period may be interrupted as provided for in Article L. 114-2 of the French Insurance Code:

Article L. 114-2 of the French Insurance Code

"The limitation period shall be interrupted by one of the ordinary causes that interrupt the limitation period and by the appointment of experts following a loss. The limitation period of the legal action may also be interrupted by the insurer sending the insured a registered letter with acknowledgement of receipt in respect of the action for payment of the premium and by the insured to the insurer in respect of the settlement of the claim".

Article L. 114-3 of the French Insurance Code

"Notwithstanding Article 2254 of the French Civil Code, the parties to the insurance contract may not, even by mutual agreement, either change the length of the time limit for legal action, or add causes for the suspension or interruption thereof".

The ordinary causes of interruption of the limitation period mentioned in Article L. 114-2 are those provided for in Articles 2240 to 2246 of the French Civil Code reproduced below:

Article 2240 of the French Civil Code: "Recognition by the obligee of the right of the person against whom the obligee could claim inaction within the time limit interrupts the time limit for action".

Article 2241 of the French Civil Code: "Instigating legal proceedings, even summary proceedings, interrupts the time limit for action and the time limit beyond which rights lapse.

The same applies when the matter is brought before an incompetent jurisdiction, or when the deed of referral to the jurisdiction is cancelled through procedural irregularity".

Article 2242 of the French Civil Code: "Interruption resulting from instigating legal proceedings is effective until the proceedings end".

Article 2243 of the French Civil Code: "The interruption is null and void if the petitioner withdraws the petition or lets the proceedings lapse, or if the petition is dismissed definitively".

Article 2244 of the French Civil Code: "The time limit for action or the time limit after which rights lapse is also interrupted by protective measures being taken pursuant to the French Code of Civil Enforcement Procedures or by an enforcement being ordered".

Article 2245 of the French Civil Code: "One of the jointly and severally liable obligees being summoned or notified through legal proceedings or through an enforcement order, or recognition by the obligee of the right of the person against whom the obligee could claim inaction within the time limit interrupts the time limit for action against all of the others, even against their heirs.

Conversely, one of the heirs of a jointly and severally liable obligee being summoned or notified, or that heir recognising such a right does not interrupt the time limit for action with regard to the other co-heirs, even for mortgaged debt, if the obligation is divisible. Such summons/notification or such recognition interrupts the time limit for action with regard to the other co-obligees only for the share for which that heir is liable. In order to interrupt the time limit for action for the entire obligation with regard to the other co-obligees, the summons or notification needs to be made to all of the heirs of the deceased obligee, or all of the heirs need to recognise the right".

Article 2246 of the French Civil Code: "Summons or notification made to the main obligee, or the main obligee recognising the right in question interrupts the time limit for taking action against the guarantor".

COMMON PROVISIONS RELATING TO THE HOLIDAY HOME CIVIL LIABILITY COVER OF THE GUEST

TRANSACTION – ACKNOWLEDGEMENT OF LIABILITY

No acknowledgement of liability or transaction that you would have accepted without our agreement is binding on us. However, the admission of a physical fact is not considered to be an acknowledgement of liability, nor is the mere fact of having provided emergency assistance to a victim, when it is an act of assistance that any person has the right to perform.

PROCEDURE

In the event of legal action against the Insured, we handle his/her defence and manage proceedings for the events and damages falling within the scope of cover included in this Policy.

However, he/she may join our efforts if he/she can justify a personal interest not covered under this policy.

The fact of providing his/her defence as a precaution cannot be interpreted as an acknowledgement of cover and does not imply in any way that we accept responsibility for damages that are not covered by this policy.

REMEDIES

With regard to remedies:

- before the civil, commercial or administrative courts, we have the freedom to exercise remedies within the framework of this policy's cover,
- before the criminal courts, remedies may only be exercised with the Insured's consent,
- if the dispute no longer concerns only civil interests, the refusal to give his/her consent to exercise the proposed remedy gives us the right to claim compensation equal to the resulting loss for Us.

The Insured may not object to exercising our remedy against a responsible Third Party if the latter is covered by another insurance policy.

UNENFORCEABILITY OF FORFEITURES

Even if the Insured is in breach of his/her obligations following a Claim, we are required to compensate the persons to whom he/she is liable.

However, in this case, we retain the right to take action against him/her for reimbursement of all sums paid or reserved by us in his/her name.

LEGAL FEES

We bear the costs of legal proceedings, discharge and other settlement costs. However, if the Insured is convicted for an amount greater than that of the cover, each of us shall bear these costs in proportion to our respective share of the conviction.
